

## May 8, 2018 Voting Equipment Report

In December 2005, the Fayette County Board of Elections purchased 27 optical M-100 scanners with ballot bins and 23 AutoMark marking devices from ES&S. In Jan. 2010, 2 additional M-100's were purchased. In April 2013, 1 DS200 was purchased. Dec. 2013, 3 additional DS200s were purchased. In Dec. 2014, 5 additional DS200s were purchased with 2 M-100s traded in. In Jan. 2015, 15 DS200s were purchased with 24 M100s traded in. July 2016 2 DS200s were purchased. The Fayette Co BOE will utilize 100% of their ES&S optical scanners and will distribute one Automark to each of the polling locations. Four precincts will be sharing DS200's as noted below. These assignments are deviations from the recommendations of the SOS. The Board decision was made after analyzing the use of the scanners from previous elections and taking into consideration the number of registered voters per precinct in regard to the shared DS200's.

In keeping with Directive 2008-64, the BOE will maintain 8 optical scanners at the board office to deploy to any precinct or polling location experiencing long lines or machine malfunction.

\*Special Note: The voter turnout for a like election for each precinct is listed in the last column.

Precinct(s)	Polling place	M100	DS200	Automark	Double vr	Registration
